SKILLS

- **Languages:** Python, C++, C, JavaScript
- **Frontend:** HTML, CSS, JavaScript, React JS
- **Database:** PostgreSQL, MongoDB
- **Tools:** Git/GitHub, MATLAB, Arduino, ESP32, Raspberry Pi
- **Core Concepts:** Data Structures & Algorithms, Machine Learning, Embedded Systems, OpenCV, NumPy, Pandas, Matplotlib
- **Currently Learning:** Data Structures and Algorithms in C++, Machine Learning, Deep Learning

PROJECTS

Business Proposal: Leveraging HR Analytics to Reduce Employee Attrition 2025
GCI Final Assignment, Matsuo Laboratory, University of Tokyo

- Identified employee attrition as the client's key business problem through data and market analysis.
- Built and evaluated ML models, EDA, and presented actionable recommendations.

Home Credit Default Risk 2025
GCI Competition Project, Matsuo Laboratory, University of Tokyo

- Built a machine learning model to predict loan default probability using multidimensional customer data.

Smart AI Classroom Microphone (EduMic) 2025

- ESP32-based assistant converting teacher speech into real-time text, summaries, and AI-generated MCQs.
- Integrated with a web platform for cloud storage and student access; added noise filtering.

MediVue – Smart Health Monitoring System for Elderly Care 2025
IoT-Based Healthcare Monitoring Project

- IoT-based system for safety and continuous monitoring of elderly individuals living independently.
- Real-time vital sign monitoring (heart rate, SpO2, temperature) and fall detection with automated caregiver alerts.

TRAINING

Research Intern – Centre for Artificial Intelligence and Robotics (CAIR), IIT Mandi Aug 2026 – Dec 2026
[Verify](#)

- Selected for the Research Internship Programme at CAIR, IIT Mandi.
- Supervisor: Dr. Jagadeesh Kadiyam; Mentor: Lakshyajit Behera.
- Joining Date: 17.08.2026 Duration: 4 months.

CERTIFICATIONS

- **Oracle Fusion AI Agent Studio Certified Foundations Associate – Rel 1** [Certificate](#) 2026
- **AI Upskilling Certificate – Technical Foundations**, Qualcomm Academy [Certificate](#) 2025
- **Global Consumer Intelligence Course**, University of Tokyo 2025
- **Appreciation Certificate**, North India Biggest Hardware Edition @ DTU [Certificate](#) 2025
- **MEDHA 2.0**, IIT Bombay 2026

ACHIEVEMENTS

- **2nd Position** – Human Device Interface Track, SemiXthon'26, DTU 2026
- **Rank 4 out of 10 finalists** – LPU–GCI Competition at Matsuo Laboratory, University of Tokyo [Certificate](#) 2025
- **Rank 285 Worldwide** – GCI Competition at Matsuo Laboratory, University of Tokyo [Certificate](#) 2025
- **Scholar** – National Means-cum-Merit Scholarship (NMMSS)
- **top 10% of participants** -- Easy Track of QC101: Quantum Computing Summer Course [Certificate](#) 2021

EDUCATION

Lovely Professional University, Punjab, India Present
Bachelor of Technology – Computer Science and Engineering (Robotics and AI), CGPA: 8.92

Senior Secondary – MPBSE 2024
Percentage: 87%

Secondary – MPBSE 2022
Percentage: 86%
